DIRECTORS' REPORT

for the financial year ended 30 June 2022

The directors present their report and the unaudited financial statements for the financial year ended 30 June 2022.

Principal Activity and Review of the Business

The main activities of the company are the running of the Knocklyon community website, providing support for employers and prospective employees in the local community and facilitating interaction with local Government Bodies and various groups in the local community and its immediate surrounds.

The Knocklyon Network is a local community group with not for profit status that was formed for the people and by the people of Knocklyon. The group meets in the Iona Centre, Knocklyon Dublin 16.

The Knocklyon Network aims to provide a safe and informative enviroment for local people to network, share skills and experiences. We aspire to build a sustainable network that can continue to grow and develop for the benefit of everyone.

The Knocklyon Network wants and encourages people to come share their ideas and knowledge, so that, together we can create a more inclusive, vibrant community.

The Company is limited by guarantee not having a share capital.

2021-2022 was again a difficult year for the Knocklyon Network. The pandemic like everywhere else had a strong effect on our ability to continue our activities and to develop new programs.We were no longer able to hold our meetings physically and moved quickly to Zoom meetings. This allowed us to meet, though follow up meetings with people outside our members was still difficult. We continued to make submissionsons on various areas, especially the SDCC Development Plan. We were very involved with the Metro South West Group in their campaign

We were successful in this regard iin getting the support of both SDCC and DCC councils, plus all the TDs and Senators in our area. We continued to endeavourto develop our Sustainable Energy Community. We again ran our Best Estate competition.We also contributed a €1,000 to the society of Saint Vincent De Paul.

We were finally able to spend our Grant of €2,000 from Dublin Bus on the school.

Our Social Media continued to grow and we became a particularly important part of the Community Support and News during Covid. Our business website suffered as many businesses struggled to survive during these challenging times. We have rationalised the number of businesses to those paid-up members.Neverthe less, we added new businesses during this period even if we lost a lot more.
We expect that as Business opens again there will be a resurgence of interest in what we can bring to local businesses. While we have struggled to add new Volunteers, we have opened our meetings to Councillors and representatives of Residents Associations and other Community Organisations.We are actively working on adding new Volunteers. Retention can be a difficult factor.We were unsuccessful in our Grant applications but hope for more success in the coing year.

The company continues to invest in research and development. The directors regard research as a prerequisite for success in the medium to long term future.

The directors have a reasonable expectation that the Company has adequate resources to continue its operational existence for the forseeable future. Thus, they continue to adopt the Going Concern basis in preparing the Annual Financial Statements.

Further details regarding the adoption of the going concern basis can be found in the Statement of accounting policies in the financial statements.
